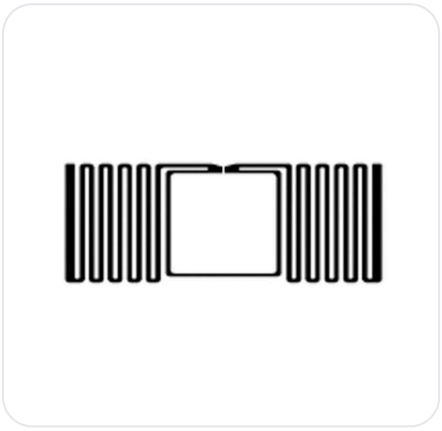
# UHF RFID Inlay, Label & Sticker ID-1020-M830 (Impinj M830)

Model ID-1020-M830 · Brand: Identium



A small-footprint UHF RFID inlay built on the Impinj M830 chip, supplied as a wet inlay, printable label or finished sticker. Suited to item-level tagging of retail packs with little room for a tag.

## KEY FEATURES

- **Impinj M830 chip, EPC Gen2 / ISO 18000-6C**
- **Small footprint for compact retail packs**
- Up to 7 m read range, antenna and environment dependent
- Available as wet inlay, printable label or sticker
- 860–960 MHz, includes India's 865–868 MHz band
- Flexible, thin substrate

## APPLICATIONS

Retail item-level tagging · Cosmetics and personal care · Small electronics packaging · Footwear and accessories · Brand source tagging · Smart shelf pilots
