

Ceramic UHF RFID Tag Cera-9 for ATEX Areas (9 × 13.5 × 6 mm)

Model Cera-9 (UHF) · Brand: Identium

A miniature black ceramic UHF RFID tag, 9 × 13.5 × 6 mm and 1.8 g, for small metal tools, valves, fittings and instruments used in ATEX/IECEX hazardous areas such as oil and gas or chemical plants.

KEY FEATURES

- **Miniature 9 × 13.5 × 6 mm body weighing 1.8 g**
- **ATEX/IECEX certified; also CE and RoHS approved**
- IP68 ceramic tag with PA6+GF industrial-grade plastic
- Operating -30 °C to +85 °C; ambient tolerance up to +250 °C
- Fixed with high-performance epoxy resin, no screw holes needed

APPLICATIONS

Oil and gas installations

Chemical plant equipment

Gas cylinder tracking

Valves and fittings

Hand tools

Field instruments

SPECIFICATIONS

Frequency	UHF
Dimensions	9 × 13.5 × 6 mm
Weight	1.8 g
Material	Ceramic with PA6+GF industrial-grade plastic
Colour	Black (default)
Mounting	High-performance epoxy resin
Operating temperature	-30 °C to +85 °C
Ambient temperature	-30 °C to +250 °C
IP rating	IP68
Certifications	ATEX/IECEX, CE, RoHS
Place of origin	India
