LF Clear RFID Tag (125 kHz, 25 mm Transparent Disc)

Model CLEAR TAGS · Brand: Identium

A transparent 25 mm, 3 mm thick 125 kHz RFID disc with a read-only EM4100/TK4100 ID. It identifies jewellery, lockers, membership tokens and assets without spoiling how they look.

KEY FEATURES

- **Clear PVC/ABS body that is barely visible on the tagged item**
- **125 kHz EM4100/TK4100 protocol with a 64-bit read-only UID**
- 25 mm diameter, 3 mm thick disc
- IP67 sealed; works from -20 °C to +65 °C
- Short 2–8 cm read range, depending on the reader

APPLICATIONS

Jewellery display tagging · Gym membership tokens · Pool and spa lockers · Keyring access tokens · Bag tags · Discreet asset tagging
