

PVC Tamper-Proof RFID Wristband P01

Model P01 · Brand: Identium

A single-use PVC RFID wristband with a tamper-proof closure, so a band cannot be moved to another wearer unnoticed. Available with an HF or UHF chip for paid admission, crowd control and patient identification.

KEY FEATURES

- **Tamper-proof closure keeps each band on one wearer**
- **HF or UHF chip; chip customised on request**
- Dust and water proof; soft, non-allergic PVC
- Print barcodes, QR codes and variable data
- Available in different sizes
- Pre-encoded on request

APPLICATIONS

Amusement park admission

Leisure centre crowd control

Patient identification

Access control

Cashless payments

Race timing
