

RFID Small ABS Tag

Model RFID ABS Tag · Brand: Identium

A thin 60 × 25 × 3.5 mm rigid ABS tag built with the chip you choose: LF 125 kHz, HF 13.56 MHz or UHF. It suits IT asset, tool and traceability tagging on plastic, wood and other non-metal items.

KEY FEATURES

- **Chip to order: LF 125 kHz, HF 13.56 MHz or UHF**
- **Slim 60 × 25 × 3.5 mm rigid ABS body**
- Memory options of 96, 204 or 512 bits
- 100,000 write cycles and 10-year data retention
- Operating range –20 °C to +80 °C

APPLICATIONS

IT asset tagging

Tool traceability

Access control

Industrial traceability

Equipment identification

SPECIFICATIONS

Frequency	125 kHz (LF), 13.56 MHz (HF) or 840–956 MHz (UHF)
Chip	Any chip type, to order
Memory	96, 204 or 512 bits (chip dependent)
Write endurance	100,000 cycles
Data retention	10 years
Dimensions	60 × 25 × 3.5 mm
Material	ABS
Operating temperature	–20 °C to +80 °C
Recommended environment	–25 °C to +60 °C
