

BLE Buzzer & Light Beacon ID-BLE-X11 (Find-Me Asset Locator)

Model ID-BLE-X11 · Brand: Identium

A Bluetooth Low Energy beacon with a built-in buzzer and LED in a transparent housing. Hung on an asset or worn by a person, it beeps and lights up on a find-me alert. Supports sub-metre AOA positioning with ID-AOA-GW25 anchors.

KEY FEATURES

- **Built-in buzzer and LED for audible and visual find-me alerts**
- **Transparent housing, 65 × 30 × 11 mm and 20.2 g; hangs on an asset or is worn**
- Replaceable CR2477 coin cell (1000 mAh, 3 V) with 31.4 µA standby current
- 70 m range in open space; iBeacon and Eddystone formats
- AOA-capable: sub-metre positioning with ID-AOA-GW25 anchors
- Configured from the Identium Connect mobile app

APPLICATIONS

Asset search-and-locate

Hospital equipment finding

Factory tool finding

Office fixed assets

Locating staff or visitors

Warehouse item search

SPECIFICATIONS

Type	BLE beacon with buzzer and LED (find-me alert)
Frequency	2.4 GHz (2400–2483.5 MHz), licence-exempt
Protocol	Bluetooth Low Energy; iBeacon and Eddystone formats
Range	70 m (open space)
AOA positioning	Supported — sub-metre with ID-AOA-GW25 anchors
Battery	CR2477 coin cell, 1000 mAh, 3 V, replaceable
Current consumption	Standby 31.4 µA; single lamp 3.9–7.1 mA; buzzer 19.8 mA; buzzer + full light 29.3 mA; connected over BLE 2.93 mA
Dimensions	65 × 30 × 11 mm
Weight	20.2 g
Housing	Transparent, with buzzer and LED
Mounting	Suspended from an asset or worn
Configuration	Identium Connect mobile app
Compatible with	ID-BGW-02 BLE gateway, ID-AOA-GW25 AOA anchor, Bluetooth smartphones
