

Charging Cradle for CX1500N UHF Handheld Reader

Model — · Brand: Identium

A desk cradle that charges the CX1500N UHF handheld reader between shifts, so the reader has a fixed home and is always charged for the next count. Where the cradle has a spare-battery bay it charges a spare pack at the same time.

KEY FEATURES

- Ships with CX Flow Pro, Identium's RFID app for stock-taking, tag search and verification on the device itself
- Charges the CX1500N on the desk; the reader drops in and out
- Adapter as stated in the quotation
- Spare-battery bay confirmed at quotation
- Charging; data transfer only as stated in the quotation
- Gives the reader a fixed home at the end of every shift

APPLICATIONS

Warehouse offices

Retail back rooms

Multi-shift sites

Fleets of several handhelds
