

Digital Keypad Combination Cam Lock ID-DKL-1986

Model ID-DKL-1986 · Brand: Identium

A battery-powered keypad cam lock that replaces the key cylinder on cabinets, drawers, mailboxes and lockers. Users open it with a numeric password they set themselves, so there are no keys to issue, lose or recut.

KEY FEATURES

- **Opens with a user-set numeric password on a 12-button keypad with C and OK keys**
- **Fits a standard 18 mm cam-lock cutout; 20 mm or 30 mm cam length**
- Runs on one CR2450 button cell with an audible low-battery reminder
- Compact 112 × 39 × 15 mm body for narrow cabinet stiles and drawer fronts
- Red and green status LEDs, zinc-plated finish
- Password-only lock: it does not read RFID cards

APPLICATIONS

Office cabinets & drawers

Mailboxes & parcel lockers

Steel staff lockers

Gym & spa lockers

File & pedestal drawers

RV & boat compartments
