

Eco Woven RFID Festival Wristband with Wooden Slider IDTS-ECW15

Model IDTS-ECW15 · Brand: Identium

A woven RFID festival wristband with a 13.56 MHz HF chip in a wooden tag. The 15 × 350 mm band is RPET (recycled PET) or bamboo-fibre fabric, for festivals and events that want entry and cashless bands without a PVC chip card.

KEY FEATURES

- **RPET (recycled PET) or bamboo-fibre woven band, 15 × 350 mm, with a sliding bead**
- **Wooden chip tag in 40 × 25, 35 × 26 or 40 × 30 mm**
- 13.56 MHz HF, ISO/IEC 14443A, with 1 KB or 2 KB memory
- Custom logo print; laser-printed UID and serial number; QR code or barcode
- Chips encoded to order; waterproof and weatherproof
- Packed 100 per bag, 2,400 per carton

APPLICATIONS

Music festivals

College fests

Multi-day events

Event entry gates

Cashless food counters

Access control
