

NFC Review Keychain, NTAG213 (Epoxy or PVC Tag with Keyring)

Model — · Brand: Identium

An NFC tag on a keyring, in epoxy or PVC, encoded with your Google review link, social profile or website, printed with your logo. Handed to customers as a giveaway, it carries the review prompt out of the shop; also used as a smart keyring for business contact details.

KEY FEATURES

- **NTAG213 NFC tag (144 bytes user memory) encoded with your link**
- **Epoxy-domed or flat PVC tag on a metal keyring**
- Printed with your logo and a tap prompt
- 13.56 MHz, ISO 14443A, NFC Forum Type 2: read by any NFC phone
- Pairs with the counter stand; link locked on request
