

NFC Sticker Tag 12x8.5mm – NTAG213 Mini NFC Label

Model ID-NFC-213-12 · Brand: Identium

A 12 × 8.5 mm adhesive NFC sticker with an NTAG213 chip, made for spots too small for a standard NFC label, such as small packs, lids, seals and the corner of a business card. NFC smartphones read it without an app.

KEY FEATURES

- **12 × 8.5 mm rectangular label for very small surfaces**
- **NTAG213, NFC Forum Type 2, 144 bytes NDEF memory**
- 13.56 MHz, ISO 14443A: read by NFC phones and NFC readers
- Adhesive backing for paper, plastic, glass and wood
- Read/write; custom encoding available on request

APPLICATIONS

Product authentication

Anti-counterfeit seals

Smart packaging links

Small asset tagging

NFC business cards
