

Retractable Badge Reel for RFID Access Cards

Model — · Brand: Identium

A retractable reel that clips to a belt or pocket and holds an RFID access card on a cord that pulls out to the reader and springs back. The 32 mm face prints with your logo, so it doubles as a branded item for staff who tap a reader many times a day.

KEY FEATURES

- **Cord 60–80 cm, nylon, typical for the class**
- **Belt clip or alligator clip**
- 32 mm printable face for a logo, typical for the class
- Card strap or clear holder on the cord end
- Keeps the card on the wearer and off the floor

APPLICATIONS

Factories and warehouses

Hospitals

Offices with frequent door taps

Security staff
