

RFID Card Electronic Gym Locker Lock – Slim Zinc Alloy Cabinet Lock for Sauna School Pool

Model ID-CL-EM128 · Brand: Identium

A slim RFID locker lock for gyms, saunas, schools and pools. The 150 × 37 × 16 mm zinc alloy body fits narrow locker doors, and members open it with an RFID card or wristband instead of a key.

KEY FEATURES

- **Ultra-slim 150 × 37 × 16 mm profile for narrow locker panels**
- **Opens with 125 kHz ID cards, 13.56 MHz IC cards or RFID wristbands**
- Scratch-resistant zinc alloy body in silver or golden finish
- DC 6V battery power; batteries are easy to replace
- Logo engraving available for branded facilities

APPLICATIONS

Gym changing rooms

Sauna & spa lockers

School & college lockers

Swimming pool lockers

Hotel & resort lockers

Corporate locker banks
