MIFARE 1K / 4K HF RFID Coin Tag ID-COIN-HF50 (50 mm)

Model ID-COIN-HF50 · Brand: Identium

A 50 mm ABS disc with a MIFARE Classic 1K or 4K chip and a central mounting hole, for guard patrol checkpoints and asset tags that are screwed, tied or clipped in place. Reads with 13.56 MHz HF and NFC patrol readers.

KEY FEATURES

- **MIFARE Classic 1K or 4K chip, 13.56 MHz, ISO 14443A**
- **50 mm ABS disc with central hole for screws, zip-ties or cable clips**
- Dust-, water- and impact-resistant housing for indoor or outdoor points
- Encoding on request: UID lock, sector keys and printed numbering
- Mounts on metal and non-metal surfaces; test a sample on metal first

APPLICATIONS

Guard patrol checkpoints · Fire extinguisher checks · LPG cylinder tracking · Vehicle and axle ID · Returnable asset tracking · Low-cost access tokens
