

Smart Bluetooth Padlock ID-SPL-T55CTT (App, PIN, RFID Card, Key)

Model ID-SPL-T55CTT · Brand: Identium

A waterproof smart padlock with four ways to open: the TTLock app over Bluetooth, a numeric password, a 13.56 MHz M1 RFID card or a backup key. Made for gates, shutters, storerooms and shared lockers where keys are hard to control.

KEY FEATURES

- **Four unlock methods: TTLock app, password, 13.56 MHz M1 RFID card, physical key**
- **eKey sharing and access logs in the TTLock app (iOS and Android)**
- Anti-peep code entry: type extra digits before or after the real PIN
- Waterproof aluminium alloy and stainless steel body
- Grade B cylinder for the backup key
- Runs on 1 × CR2 battery, with a USB emergency port

APPLICATIONS

Gates & fences

Warehouses & storerooms

Shop shutters

Rental properties

Gym & sports lockers

Outdoor equipment
