

Sound-Activated LED Wristband IDTS-LWB15S (Silicone, No Controller)

Model IDTS-LWB15S · Brand: Identium

A translucent silicone LED wristband that flashes by itself with the music and voices around it. No remote, controller or app is needed, so it suits birthdays, sangeet nights, college events and club parties where a controlled light show is not worth it.

KEY FEATURES

- **Flashes with the music and voices around it; no remote, controller or app**
- **15 LED colours; translucent silicone band**
- Adult (about 72 × 48 mm) and children's (about 72 × 32 mm) sizes
- 2 × CR2032 coin cells (230 mAh): about 4–6 hours of lighting, rated up to 8 hours
- Logo area of about 36 × 30 mm on the housing; band colour can be customised

APPLICATIONS

Birthday parties

Sangeet and wedding parties

School and college events

Club nights
