

RFID Handheld Evaluation Kit – CX1000 UHF Handheld + Sample Labels

Model CX1000-EVK · Brand: Identium

Count shop and pharmacy stock or audit office assets with Identium's CX1000, an Android 12 UHF handheld that reads up to 6 m. The kit adds UHF sample labels and tags, plus CX Flow Pro, provided free with no licence fee.

KEY FEATURES

- **Free with the kit: CX Flow Pro — inventory, item search, list tally (found / missing) and Excel or PDF export**
- **CX1000 Android 12 UHF handheld with 4G, reading tags at up to 6 m for indoor counts**
- **CX Flow Pro is provided free with the kit, with no licence fee**
- Import a list as .xlsx, .csv or pasted EPCs, then scan to see found and missing items
- Sample kit: UHF labels and tags for what you count; sample mix confirmed with your order
- Track down one tagged item with a radar, a FOUND % reading and a Geiger-style beep
- Keep sessions, export them to Excel or PDF, or post reads to your own URL over HTTP
